Customer Reviews Pathfinder Society: The Third Riddle 5 5 47 47 Love it! One of my favorite products by Paizo Publishing is one of the older line of products, the Pathfinder Society Map Packs. A wonderful addition for any Pathfinder Society fan, I have bought a few of these in the past for my Pathfinder Society games. I have purchased the newest map pack for my game. It was great! I can't wait to use them in my next game! July 28, 2015 Thank you Paizo The map packs are fantastic. I can't wait for the next one. July 10, 2015 The best products to bring your group together These products help me a great deal in making our Pathfinder Society games more enjoyable. So make yourself some cubes, grab some dice, grab a sandwich and enjoy the ride of your lifetime!!! June 26, 2015 Amazingly, sadly... I'm not really sure if I can find the right words to effectively convey how much I enjoyed this product, it's one of my favorites. I've had the map packs for a while now, but I think I've always managed to overlook them, as much as I like them, I always assumed I'd be better off buying a whole bunch of individual maps, the downside of this course being that I'd just be spending more money. Despite this though, this is the first time I've actually bought the map pack with the intention of using it with Pathfinder Society. I've never played that game before, I don't know a lot about it, but this is the first time I've been in a position where I think I actually have a decent chance of being able to play it c9d1549cdd
